We are delighted to welcome you to the 2021 Virtual APsaA Poster Session! While this virtual event is a first, this year also marks the 20th anniversary of the annual poster session. Submissions have relevance to psychoanalytic theory, technique, practice and effectiveness of psychoanalysis, or interdisciplinary scholarship addressing research questions in neighboring fields. On this occasion, we celebrate the impressive scholarship of past poster presenters, while excitedly looking forward to continued innovation and high-quality work in the decades to come.

Co-chairs: Kathryn E. Gallagher, Ph.D. (Stockbridge, MA)
Katie C. Lewis, Ph.D. (Stockbridge, MA)

This year presenters will be sharing their posters using a virtual poster gallery that can be accessed via a link. After clicking the link, you will be brought to a virtual gallery where presentation titles and author listings will be displayed. To view an individual poster, simply click on the poster title.

**LIVE PRESENTATIONS**

**Saturday, February 27th from 11:00 a.m. to 1:00 p.m. ET** the following poster authors will be giving live presentations of their work during Science Department Session 1: On the Edge of Discovery: Select Studies from the Poster Session.
